

Angieseamisstress
Free in the Sea

Azores 2025

Blue sharks, Mobula rays, mantas,
whalesharks, Mola Mola and Sperm
Whales

@angieseamisstress

the Azores offers an exciting
adventure with diverse marine life,
such as manta rays, sea turtles, and
whale sharks. The optimal diving
season is from June to September,
featuring ideal water temperatures
and visibility. Key dive sites include
the Formigas Islets and Dollabarat
Reef, suitable for all skill levels. Sperm
whales are resident to these islands
and its possible to see them from the
boats.

Prepare your gear for an
unforgettable underwater
experience!

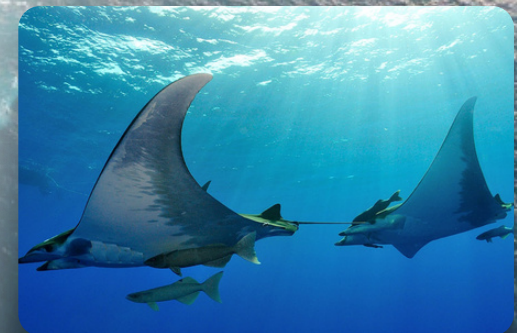

We're excited to have you join us
on a lesser known dive
destination.
